

Information

As part of your registration, you state which studies you intend to start or continue (active semester) or suspend (passive semester). This statement must be made at the beginning of each term. Registration for courses (including preliminary registration) is available only after making this statement, and only if you have opted for continuing your studies (active semester). If you are about to start your studies now, you need to print your Enrolment form from the Information/General forms menu after registration.

During the registration process you make a unilateral statement on your intent. Whether you can continue your studies will be decided by the competent Faculty Office of Educational Affairs (FOEA) based on the regulations of the [Academic Regulations for Students \(ARS\)](#). Registration does not replace a request of equity. Your studies will be reviewed by FOEA after the exam period. Regardless of your statement and course registrations FOEA will cancel your semester and course registrations if, due to a lack of compliance with ARS, you cannot continue your studies.

With your registration you confirm the validity of your personal and educational data stored in Neptun and you acknowledge yourself to be indebted to the Eötvös Loránd University. If any of your personal data is incorrect, you may correct them in person at FOEA or submit an online case on Q-space with the type of [Collation of Personal Data](#). If any of your educational data is incorrect or you question the correctness of your debts, turn to the competent FOEA. Continue the registration only after correcting the data.

Statement

Personal data

Neptun code: BVN517
Name: Collins Kipkemoi (Surname: Kipkemoi, Given names: Collins)
Birth name: Collins Kipkemoi
Date of birth: 2001-10-02
